

## HAYEAREUM CO.,LTD (주) 해여름

Haeyeareum means the fruit of the sea, which implies a clean and safe Eco-friendly brand that concerns the health of our customers and shares the fruit of nature. The pure bay salt Haeyeareum is a salt derived by evaporating seawater in the natural sun and wind only in Docho, Sinan-gun, where it has been designated as a bio-conservation area by UNESCO. We naturally reduce seawater to around 5%, by aging salt for five years. The mineral content of the product is increased and the sodium content is lowered. 5 years ripening Premium Bay salt 'Lo' is No coloring, No Preservatives, and Chemical-free salt. In addition, you can enjoy premium sun-salt products at a lower price than other companies as we also have our own production process.
